Finally talked with Tyrone. He does have a plan in place to continue several mailings and calls to UHW members, says they (UHW) are continuing to move their message attacking him, member petitions, and dividing LTC members, and he needs to be able to continue to move his message/respond. Attached is the latest mailing that Tyrone has in the mail (I'm trying to find out if this is just to UHW LTC or everyone).

We should discuss.
