

Attn: Good Samaritan Hospital Workers

On April 15, 2008, SEIU International issued a letter calling on UHW-W to re-run their delegate election. This letter came as a result of UHW-W attempting to relegate most of their membership to secondclass status, effectively denying them a voice in their union, by not allowing them to run for delegate positions. UHW-W violated multiple laws by doing so.

“SEIU Local Union UHW-W Intentionally Excluded More Than 95% of Rank and File Members from Participating in SEIU Convention”

Yet, on April 7, 2008 while members were being denied their right to be a delegate, Sal Rosselli (President of UHW-W) declared his candidacy.

“I will complete the appropriate forms to run for reelection as Vice President when they are available.” -Sal Rosselli

WHO IS SAL ROSSELLI REALLY LOOKING OUT FOR?

Exercise your right to be heard by calling UHW-W today at (323) 734-8399 and tell them that you want to be a Delegate to the SEIU International Convention being held this June in Puerto Rico in order to protect the democratic process and ensure that no more illegal acts to silence worker voices occur!
